FINALFORMS

Our New Online Sports Registration

For the 2019-2020 school year Harrison Central will be using an online sports registration program called Final Forms.

All athletic forms will be available online. By switching to this it will streamline the process of filling out your son/daughter's physical form and emergency medical forms. Instead of answering all the questions on the physical form every year all you will have to do is go online and make small adjustments each year. One account will take care of all of your children.

This program will also allow our coaches to access your son/daughter's emergency medical information via their phone. They will also be able to call you should from this program if there is an emergency instead of sorting through piles of paper to find your number.

The instruction sheet is attached to this letter. Please take the time to register by following the instructions or accessing the site through the athletics page on www.hhcsd.org.

Once you have completed the process please print the physical form so it can be taken to your son/daughter's doctor to be completed.

If you have any questions please feel free to contact me at the email or numbers above.

Harrison Community Hospital will provide physicals for student athletes for the 2019-2020 school year. Please call 740-942-8638 to set up an appointment.

Thank you for your cooperation in advance. I feel this will improve the preseason process for all athletes and will provide improved safety for all of our athletes.

Ray Hibbs, Athletic Director
